FOOD KIT PROGRAM

The family of **Halyna from Chernihiv** received the **200,000th food kit**.

An enemy rocket hit near the family's house. Its fragments damaged the roof and injured the face of Halyna's child.

For a month and a half, Halyna and her child were forced to hide from shelling in a cold and damp basement. The son's condition worsened and he is now undergoing treatment.
